REPORT

OF THE

BOARD OF EDUCATION OF THE SCHOOL DISTRICT OF THE TOWN OF GOFFSTOWN.

The Board of Education beg leave to submit a brief report of their labors for the school year ending March 1, 1888, and to make a few suggestions which we hope will be received in the same spirit of good will as they are made. We think that the close of the second year of the operation of the new law finds an increase of friends to it, and that the end of the five years' trial will find but very few who will desire to return to the old system.

We do not claim but that we may have made some mistakes in the selection of satisfactory teachers for a few schools, but if so it was from causes which seemed at the time to leave us no other course to pursue. Yet, we think that, as a whole, the schools have been very satisfactory, and most of them exceedingly so.

It is a difficult matter to secure all first-class teachers. The boards of education in adjoining towns are often competing with us, and frequently secure one at a salary which with the limited means at our command we do not feel quite authorized to pay, but regretting exceedingly the necessity for losing their services.

We feel that the best interests of the district demand that a larger school fund should be placed at our disposal, so that we may secure and retain the most earnest and efficient workers for our own schools.

Most of our teachers are so situated that they choose to return to their own homes on Fridays, not returning until the follow-

ing Monday. We think the good people in the several districts should be willing to receive and care for them at a correspondingly low rate and thus help us to offer them better inducements to work with us. A live, earnest teacher, with her soul in her profession, is not a care but an acquisition in a family composed in part of the scholars under her care.

We feel that we are not asking anything wrong in wishing the parents to co-operate with us in this as well as in all things in our endeavors to promote the best interest of our schools.

The office of being a member of the Board of Education is not a sinecure by any means. The visiting and examinations of schools are but a trifling part of the duties. There is continually arising some fancied or perhaps a real grievance which must be inquired into and adjusted. Days or parts of days are often required to secure a satisfactory teacher. Whether the present compensation is enough to pay for the time and trouble, you will doubtless consider at your annual meeting.

We have not made all the repairs which we contemplated, and there remains quite a surplus for another year. The Kennedy Hill schoolhouse has been repaired and painted at a cost so far of \$18.62. The blinds are yet to be painted and put in place, and as there is sufficient paint on hand we have thought best to put on another coat on the finish. The whole cost will probably be in the vicinity of \$25, leaving a balance of about \$125 of the repair fund, enough, probably, for all repairs for the coming year.

We have called our annual meeting, as last year, at the Center schoolhouse, on Saturday, the 17th day of March, 1888, at 1 o'clock P. M., and hope that all who have an interest in our school system will attend.

There are many considerations which might be urged in connection with this subject at this time, but for fear we may weary your patience, we will forbear, saying what we wish to say further in the individual reports of the several districts.

REPORT OF THE INDEPENDENT DISTRICT.

To the Board of Education of the Town of Goffstown :

This district has had thirty-two weeks of schooling during the year, — two terms of eleven weeks each, one of ten weeks.

The school has been fortunate in continuing the same corps of teachers. Mr. L. M. Keneston has had charge of the High School, and has had the assistance of Mrs. Keneston in the recitations of the forenoon. Miss Lill. E. Philbrick has taught the middle school and Miss C. A. Worthley the primary.

Miss Addie Grant has continued her instruction in singing, giving a lesson of one hour in each of the lower rooms once a week. The teachers have labored faithfully and successfully.

The High School has been furnished with Gaggy's Anatomical Chart, which has proved a valuable aid in the study of physiology, anatomy, and hygiene. In connection with these studies, instruction in relation to the effect of alcoholic drinks upon the system has been given.

The district raised three hundred dollars above the amount required by law for school purposes, and one hundred and fifty dollars more to pay a portion of its indebtedness for heating apparatus.

The total amount raised by taxation has been \$1,476.71.

SALARIES.

Principal in High School . . .	\$80 00 per month.
Teacher in Middle School . . .	32 00 “
Teacher in Primary School . . .	32 00 “
Assistant teacher in High School . . .	12 00 “
Whole amount paid for teachers . . .	\$1,274 00
Total expenditures for all purposes . . .	1,651 68

The number of different scholars enrolled during the year, 189.

The whole number of different scholars belonging to district, 176.

With one exception, the scholars from outside the district are in the High School.

The attendance each term is as follows :

	First Term.	Second Term.	Third Term.
High School . . .	54	47	54
Middle School . . .	49	53	53
Primary School . . .	53	60	67
Totals	<u>156</u>	<u>160</u>	<u>174</u>

Average attendance, 164. Average cost per scholar, \$10.07.

The Middle School sends a class of 13 to the High School next term, and receives a class of 12 from the Primary.

The prospective number for this room next term is 52. The Primary School loses a class of 12 and gains probably 20. Its prospective number is 75.

These two rooms are of a size to accommodate 35 scholars each. The surplus of scholars above that number will fill another room and demand the full time of another teacher. This additional room and teacher must be had. The massing of so many in so small a space is an invitation to disease and death. The inclemency of the past winter, reducing the attendance in these rooms nearly one half, may have been a blessing in disguise, and to it may be attributed the life and health of many a child.

The large number of parents and friends visiting the school indicates their interest in it, and leads to the hope that the demands of the school will be cheerfully supplied.

They have also, by their presence, manifested their sympathy and good will towards the teachers, and have helped them in their work, encouraged the scholar, and contributed not a little to the efficiency and good reputation of the school. The registers show over 700 visits.

We wish to commend the scholars for their deportment, and the teachers for their faithful and intelligent efforts, and we trust the parents and friends will not permit their interest to flag, or the present high standing of the school to degenerate.

SAMUEL UPTON,

For Board of Education of Independent District.

ROLL OF HONOR.

Three Terms—Mary D. Hamilton, Frank O. Seaton, Edith A. Dustin, George R. Dustin, Frank E. Fletcher, Mabel C. Fletcher.

Two Terms—George L. Bidwell, Willie A. Paige, Bertha L. Martin, Josie A. Thompson, Phenie L. Jones, Willie P. Thompson, Nattie F. Bell, Georgia E. Cram, Nattie I. Paige, Josie C. Hadley, Lizzie M. Miller, Lottie M. Bell, Maud A. Oliver, George H. Hall, Edna M. Belcher, Grace E. Robbins.

One Term—Nettie S. Baker, Blanche G. Christie, Lizzie M. Flint, Effie M. Jenks, Katharina Murphy, Millie G. Soule, George C. Jenks, Willie C. Moore, Alice M. Baker, Clara L. Cutler, Carrie E. Hoit, A. Maud Lascombe, Carrie L. Morgage, Lewis R. Gregg, Amos A. Neal, Fred L. Moore, Herbert R. Blaisdell, Mary E. Johnson, Gertrude E. Richards, Annie F. Richards, Nattie R. Brown, Fred Buxton, Frank Moore, Fred G. Tucker, Ernest H. Dustin, Edward F. Sampson, G. Everett Mudgett, Bertha L. Lyman, Lottie Pierce, Minnie A. Richards, Gertrude Seaton, Harry Blaisdell, Arthur Moore, Walter Nesmith, Susie E. Thompson, Frank E. Morgage, Myra Knowlton.

No. 2. — MOUNTAIN.

Winter term, Helen M. Cram, teacher. Miss Cram had previously taught here, having good success. Her return was well appreciated, and a good work was accomplished with the school. A part of the scholars attended in New Boston during the spring and fall terms.

No. 3. — SHIRLEY HILL.

Summer and fall terms by Miss Helen M. Cram. A successful and experienced teacher. The school prospered under her charge.

Winter term by Miss Lydia D. Shirley. This was Miss Shirley's first term, but the school appeared well at our visits, and the scholars evidently profited by her instruction.

PERFECT ATTENDANCE. — *Three Terms*—Annie O. Shirley.

One Term—Walter H. Bartlett, John W. Regner, Fred M. Tennant, Emma D. Shirley, Bert Handly, Jimmie Shirley.

NO. 4. — KENNEDY HILL.

Three terms, all in charge of Miss Emma L. George. We believe from the appearance of the school at the several visits which we made that a good year's work has been done here. It is one of our pleasantest schools, with smart and well disposed scholars. There seemed to be the best of good feelings between teacher and taught, so that everything worked harmoniously, reflecting credit upon both.

PERFECT ATTENDANCE. — *One Term* — Lillian Roberts.

NO. 5. — MAST ROAD.

Miss Carrie A. Tirrell, teacher for the three terms. One of our best teachers, and a good year of school, although from sickness and bad roads the attendance was very irregular, which prevented the school from making that showing which under favorable conditions they were capable of. The school appeared well, and gave evidence of faithful work by the teacher.

PERFECT ATTENDANCE. — *Three Terms* — May B. Tirrell.

Two Terms — Bertie G. Tirrell.

One Term — Albert S. Tirrell, Lewis O. Tirrell, Arthur E. Whipple, Maurice O. Whipple, Winnie M. Blake.

NO. 7. — EAST.

Three terms, with Miss Clara A. Greer as teacher. The winter term made her eighth term in this school, and it is almost needless to say they were all good ones. With a genuine love for the work and a peculiar fitness for it, a school under her care cannot well fail of being a success.

PERFECT ATTENDANCE. — *Three Terms* — Ida M. Merrill, La Forest A. Merrill, Mertie B. Merrill.

One Term — C. Lottie Merrill, Clinton Merrill, Eulalia Farnham.

NO. 8. — TEBBETTS HILL.

Spring and fall terms by Miss Helen G. Hardy. The school appeared well at the several visits of the board, and showed good and faithful work of the teacher, and a corresponding advance for the scholars. In the estimation of the visiting member, this

is one of the best and pleasantest schools in town, and requires and appreciates a good teacher.

The winter term by Mr. Carl B. Merrill. The school appeared well at the commencement. It was his first experience, but he was thoroughly qualified and full of enthusiasm, and we saw no cause to doubt his making a success of it. Owing to sickness of the teacher, the school closed without an examination.

Mr. John C. Hammond, a veteran, commenced a spring term February 27.

PERFECT ATTENDANCE. — *Three Terms* — Herman Whipple.

Two Terms — Dora E. Whipple.

One Term — Myrtie Cleveland, Charlie Little, Annie K. Fer-son, David Hadley, Estella Davis.

NO. 9. — CENTER.

The summer and fall terms by Miss Nellie M. Eaton, who continued the faithful work which has characterized her labors as a teacher in the past.

Winter by John C. Hammond. Mr. Hammond is a veteran in the service, this being the eighty-third term which he has taught.

Summer and fall terms of primary by Miss Angie D. Barrett. The school prospered under her management.

Winter term by Miss Nellie M. Eaton. A good examination at close of school, well attended by parents.

PERFECT ATTENDANCE. — *Three Terms* — Harry S. Greer.

One Term — Arthur A. Merrill, Melvin Perkins, Nettie M. George, Gertie A. George, Agnes I. Greer, Hattie L. Kidder, Jemima J. Merrill, Sadie V. Sandford, Fred E. George, Hattie E. Tirrell, Lucy H. Greer, Edna M. Cheney, Lizzie M. Eaton, Mamie B. Hopkins, Gertie M. Shepard, James M. George, Nettie B. Roberts, Annie R. Flanders, Walter H. Woodbury, Adams L. Greer.

NO. 10. — PATTEE HILL.

Spring and fall terms, Loella Pattee, teacher. The fall term was the fifteenth taught by this teacher here. The continuation of the same teacher for so long a period speaks in terms of

praise of teacher, and in an especial manner of parents and of the scholars. Reasonable and considerate parents do very much towards making the school a success.

Winter term, William Odlin, teacher. Mr. Odlin is a collegiate at Dartmouth, class '90. Though he was inexperienced as a teacher, yet his adaptedness and thoroughness in the work indicated a knowledge of what real education is, seldom possessed by beginners. His examination was conducted in such a manner as to be a true test of what had been gained, and showed improvement truly commendable to the school. Bertha M. Pattee has attended nineteen successive terms without being absent or tardy.

PERFECT ATTENDANCE. — *Three Terms* — Eva B. Blaisdell, Bertha M. Pattee, Herbert E. Martin, Dora M. Martin, Ina L. Pattee, Bertie A. Whipple.

Two Terms — Mary E. Hazen, James F. Martin, Maurice Blaisdell.

One Term — Flora E. Merrill, Ida F. Richardson, Abby M. Woodman, Vanie H. Kidder, Charles Hazen, George H. Whipple, Gracie M. Richardson, Etta M. Tenney, Frank E. Kidder, Eva M. Hazen, Frank W. Tenney, Carrie A. Perley.

NO 11. — PARKER'S.

Spring and fall terms, Nellie S. Eaton, teacher. Miss Eaton maintained her former reputation as a teacher, having a school noted for regularity of attendance and proficiency in the branches studied. A class in geography gave the best recitation we ever heard on examination.

Winter term, George P. Hadley, teacher. With Mr. Hadley in the school-room success is insured as far as the teacher is concerned. The attendance and interest were good till the seventh week, when two scholars were taken with scarlet fever, and others were removed from the school on account of the disease or other sickness, and finally the great storm of January rendered it impossible for any to attend. The school was not re-assembled for examination.

PERFECT ATTENDANCE. — *Two Terms* — Harry C. Colter, Erastus H. Osgood, George Walker, Nellie M. Walker.

One Term — Joseph E. Caraway, Frank W. Eaton, Allen J. Osgood, Arthur S. Pierce, Nancy E. Gasper, John J. Gasper, Mattie L. Root.

NO. 12. — PAIGE HILL.

Summer and fall terms by Miss Angie Campbell, an excellent and accomplished teacher. This is one of the districts where the scholars seem to take pride in having a good school.

Winter term, by Miss Mabel C. McNeal, by whose patience and industry all things were made to work together for good to her pupils, in spite of storm and blizzard and arctic weather.

PERFECT ATTENDANCE. — *Three Terms* — Elsie Moore.

Two Terms — Jennie Page, Blanche Whipple.

One Term — Mabel Pecoy, Flora Paige, Bert Paige, Frank Underhill.

CEMETERY REPORT.

To the Inhabitants of the Town of Goffstown :

At the annual March meeting of 1887, the town made an appropriation for the care and beautifying of cemeteries, and accordingly the work was commenced the past year. The first step was to ascertain the exact locality of graves and names of person buried. This matter having been so long neglected and no record having been kept of burials, and so many having no stone to mark their last resting-place, soon began to assume many difficulties. After a careful examination of the yards in town, I submit the following items :

VILLAGE CEMETERY. — Whole number buried, 961 ; of which 609 have monuments or headstones, 346 have no stones or any thing more than in some cases a mound of earth to even mark the spot ; 108 are to me unknown, and of six I do not even find the graves.

SHIRLEY HILL CEMETERY. — The whole number buried is 62 ; 48 having stones, 14 no stones, 1 unknown. Of those who were soldiers, I find in the West yard 30, and on Shirley Hill 5. I made a complete survey of the yards and drew plans showing the locality of each grave, and, as far as possible, tried to ascertain who occupied the unmarked graves. In the Center yard I find 1,770 graves, but my record is not complete enough to report at present.

I would recommend that a record be kept hereafter by the sextons, and at the end of the year they be marked on the plans. I would also recommend the clearing of the bushes, grass, and weeds from the cemeteries, and introduction of water, which could be done at small expense.

GEORGE P. HADLEY.
